GEN-TEC NUTRITION: New improved Ultimate Male Fuel has been formulated and developed for males. Ultimate Male Fuel contains high quality herbs including Terrestris which now contains 80% saponins equivalent to 10% protodioscins.

Tribulus Terrestris and Epimedium Saggittatum (horny goat weed) are traditional Chinese herbal medicines which have been used for many years to help libido and support male sexual performance, stamina and endurance. Serenoa Serrulata (saw palmetto) may assist in the management of medically diagnosed benign prostatic hypertrophy. These three herbs which help support physiological functions of the male body have been combined with zinc, magnesium and vitamin B6.

INGREDIENTS: Glucose Sodium Benzoate and Sodium Saccharin.

FLAVOUR: Natural

SIZE: 280ml

NOTE: Cycle 4 weeks on and 2 weeks off
